

## Dying to Have a Baby: A True Story

The clock was ticking. Suzanne Matteo was 37 years old and she wanted to have a baby. An obstetrician/gynecologist herself, she knew that, biologically, time was running out. Ironically, she and her husband Tony, also an OB/GYN, had delivered thousands of babies for other women but were having no luck of their own. So they sought the help of a world-renowned fertility doctor, Jerome Check, M.D., and decided to go ahead with in-vitro fertilization. The procedure, considered radical when introduced in 1978, had become routine and now helped millions of women have babies. But along the way, things went wrong for Suzanne, terribly wrong. After an egg retrieval procedure she developed a slow and, at first, imperceptible bleed from her ovaries. With Tony at his hospital doing rounds and Check not responding to a nurse's calls, Suzanne's condition worsened. By the time Tony returned, she was unconscious and her belly distended, filled with blood. Tony acted. With the help of several nurses and staffers at Check's office, he carried his wife to his car and sped off to his own hospital. He rushed Suzanne to the operating room and performed surgery on his own wife, hoping that he could save her life. Years later, the matter would end up in court, with Check facing a civil lawsuit for malpractice. Check, in turn, would go to the authorities claiming that it was Tony, not him, who was responsible for the harm done to Suzanne, and that it was intentional. Tony, he asserted, had tried to murder his wife. The district attorney, Bruce Castor, consulted with his top homicide detective before coming to a decision: Let's see what the

outcome of the lawsuit is before we decide what we re going to do. Dying to Have a Baby is the story of that lawsuit.

Fortunately for his kingdom his young queen, Bywyd was as sharp as he was dull. She advised him in all matters of state, and benevolently attended concerned citizens and visiting dignitaries alike, always with a graceful nod to her husband and a quiet *May it please your Majesty.* So it was that they ruled in peace for many years troubled only by the lack of Ysbryd-ane an heir to carry on the divine dragon blood of Gwirions ancestors. When Bywyd found herself full with child at last she rejoiced that their kingdom would be secured, their rule assuredly peaceful for the rest of their lives. And when the child was born, with raven black hair so dark against eyes as blue as lightning and skin as pale as snow, they called her Eirwyn and raised her to understand the five aspects of the dragon that she must must ever personify to rule her people. Before her sixth birthday, Eirwyn was already tired of the dusty words she had learned by rote.
