

The Brand You 50 : Or : Fifty Ways to Transform Yourself from an Employee into a Brand That Shouts Distinction, Commitment, and Passion!

very special about your work, no matter how hard you apply yourself you wont get noticed and that increasingly means you wont get paid much either. In times past you could be obscure yet secure -- now thats much harder. Again: the white collar job as now configured is doomed. Soon. (Downsizing in the nineties will look like small change.) So whats the trick? Theres only one: distinction. Or as we call it, turning yourself into a brand ... Brand You. A brand is nothing more than a sign of distinction. Right? Nike. Starbucks. Martha Stewart. The point (again): thats not the way weve thought about white collar workers--ourselves--over the past century. The bureaucrat on the finance staff is de facto faceless, plugging away, passing papers. But now, in our view, she is born again, transformed from bureaucrat to the new star. She works in a professional service firm and works on projects that shell be able to brag about years from now. I call her/him the New American Professional, CEO of Me Inc. (even if Me Inc. is currently on someones payroll) and, of course, of Brand You. Step #1 in the model was the organization ...a department turned into PSF 1.0. Step #2 is the individual ...reborn as Brand You. In 50 essential points, Tom Peters shows how to be committed to your craft, choose the right projects, how to improve networking, why you need to think fun is cool, and why its important to piss some people off. He will enable you to turn yourself into an important and distinctive commodity. In short, he will show you how to turn

yourself into ... Brand You. See also the other 50List titles in the Reinventing Work series by Tom Peters -- The Project50 and The Professional Service Firm50 -- for additional information on how to make an impact in the professional world.

Fortunately for his kingdom his young queen, Bywyd was as sharp as he was dull. She advised him in all matters of state, and benevolently attended concerned citizens and visiting dignitaries alike, always with a graceful nod to her husband and a quiet "May it please your Majesty." So it was that they ruled in peace for many years troubled only by the lack of Ysbryd-ane an heir to carry on the divine dragon blood of Gwirions ancestors. When Bywyd found herself full with child at last she rejoiced that their kingdom would be secured, their rule assuredly peaceful for the rest of their lives. And when the child was born, with raven black hair so dark against eyes as blue as lightning and skin as pale as snow, they called her Eirwyn and raised her to understand the five aspects of the dragon that she must must ever personify to rule her people. Before her sixth birthday, Eirwyn was already tired of the dusty words she had learned by rote.
