

Law Enforcement, Communication, and Community

Community widespread media attention to issues of crime and its prevention, police heroism, and new modes of police-community involvements, this international collection is timely. It is unique in examining ways in which police and citizens communicate across a range of contexts and problem areas. While much attention is afforded the critical roles of communication by police agencies, there has been little recourse to communication science and its theories. Likewise, the latter has not, until recently, concerned itself with analyzing police-citizen interactions. This volume examines the character of such encounters, forging new theoretical frameworks having implications for practice in many instances. Topics include media portrayals of law enforcement, communication and new technologies within police culture, domestic violence, hate crimes, stalking, sexual abuse, and hostage negotiations. This book should be relevant not only to a range of social sciences besides Communication scholars and students, but also to practitioners working in the field.

Fortunately for his kingdom his young queen, Bywyd was as sharp as he was dull. She advised him in all matters of state, and benevolently attended concerned citizens and visiting dignitaries alike, always with a graceful nod to her husband and a quiet "May it please your Majesty." So it was that they ruled in peace for many years troubled only by the lack of Ysbryd-ane an heir to carry on the divine dragon blood of Gwirions ancestors. When Bywyd found herself full with child at last she rejoiced that their kingdom would be secured, their rule assuredly peaceful for the rest of their lives. And when the child was born, with raven black hair so dark against eyes as blue as lightning and skin as pale as snow, they called her Eirwyn and raised her to understand the five aspects of the dragon that she must ever personify to rule her people. Before her sixth birthday, Eirwyn was already tired of the dusty words she had learned by rote.
