

The End of Lawyers?: Rethinking the nature of legal services

legal services acclaimed legal bestseller has provoked a tidal wave of debate within the legal profession, being hailed as an inspiration by some and as heresy by others. Susskind lays down a challenge to all lawyers, and indeed all those in a professional service environment. He urges them to ask themselves, with their hands on their hearts, what elements of their current workload could be undertaken differently - more quickly, cheaply, efficiently, or to a higher quality - using alternative methods of working. The challenge for legal readers is to identify their distinctive skills and talents, the capabilities that they possess that cannot, crudely, be replaced by advanced systems or by less costly workers supported by technology or standard processes, or by lay people armed with online self-help tools. In the extended new preface to this revised paperback edition, Richard Susskind updates his views on legal process outsourcing, courtroom technology, access to justice, e-learning for lawyers, and the impact of the recession on the practice of law. He analyzes the four main pressures that lawyers now face (to charge less, to work differently, to embrace technology, and to deregulate), and reveals common fallacies associated with each. And, in an entirely new line of thinking, Susskind argues that law firms and in-house departments will have four business models from which to choose in the future, and he provides some new tools and techniques to help lawyers plan for their future. Susskind argues that the market is increasingly unlikely to tolerate expensive lawyers for tasks (guiding,

advising, drafting, researching, problem-solving, and more) that can equally or better be discharged, directly or indirectly, by smart systems and processes. It follows, the book claims, that the jobs of many traditional lawyers will be substantially eroded and often eliminated. Two forces propel the legal profession towards this scenario: a market pull towards commoditisation and a pervasive development and uptake of information technology. At the same time, the book foresees new law jobs emerging which may be highly rewarding, even if very different from those of today. *The End of Lawyers* represents a compelling vision of the future of the legal profession and a must-read for all lawyers. Indeed this book should be read by all those whose work touches on the law, and it offers much food for thought for anyone working in a professional environment.

Fuck. POSTED IN LIFE A Prayer POSTED ON NOVEMBER 27, 2015 You are, of course, too much I am easily tired and slow Where you run on for days without rest: The God of ultra-marathons and Bolt Who still jogs beside me on my 12-minute mile Where you work without end: The Messenger for Gods without rest or relent Who pulls me to my feet on 14 hour shifts Where you laugh without reserve: The Prankster who steals their best friends cows Who reminds me that may it harm none we all need to have fun Where you lead: The Guide today until death Who rides beside me on long sleepy nights Enagonius, Poneomenos, Mechanotes, Diaktoros Transcendent and eternal You called to me and I fall at your feet I thank you, Lord Hermes, for your blessings and your indulgence as I find my way on your path POSTED IN LIFE TAGGED DRU TALKS GODS, HELLENIC POLYTHEIST, HERMES, POLYTHEISM, PRAYER Drunk Advice From A God POSTED ON NOVEMBER 3, 2015 2 the days are pouring nectar down my throat so thick and sweet that it makes my teeth brittle in exhalation to life and he tastes like spiced wine, in-toxicating and scalding as he elevates me the way a lift carries you as high as you ask it as high as its able He laughs: Burn Your Feet flying through inexorable hours you once spent languishing in despondence Reach out with both your hands for Death and screech your joy when She recoils, smiling POSTED IN LIFE TAGGED DEVOTIONAL STUFF, DRU BLOGS, HERMES, MY STUFF, PERSONAL, POETRY, WRITING Eirwyn p1 POSTED ON JULY 8, 2015 Once upon a time, in a land bordered by a lush, dark wood, there ruled the kind but simple king, Gwirion. Fortunately for his kingdom his young queen, Bywyd was as sharp as he was dull. She advised him in all matters of state, and benevolently attended

concerned citizens and visiting dignitaries alike, always with a graceful nod to her husband and a quiet "May it please your Majesty." So it was that they ruled in peace for many years troubled only by the lack of Ysbryd-ane an heir to carry on the divine dragon blood of Gwirions ancestors. When Bywyd found herself full with child at last she rejoiced that their kingdom would be secured, their rule assuredly peaceful for the rest of their lives. And when the child was born, with raven black hair so dark against eyes as blue as lightning and skin as pale as snow, they called her Eirwyn and raised her to understand the five aspects of the dragon that she must ever personify to rule her people. Before her sixth birthday, Eirwyn was already tired of the dusty words she had learned by rote. POSTED IN WRITING TAGGED BLOG, CAMP NANOWRIMO, FAIRY TALE, FEEDBACK PLZ?, WRITING vibrato POSTED ON JULY 8, 2015 OK. Im shaking apart inside Tremors that are too fine to be seen or felt Maybe i can hear them though? If I listen v carefully Cool. Im not really sure why. Maybe minds are meant to fall apart when theyre as delicately stitched together as mine? Ooh or Im picking at the metaphorical seams because Im just so godsdamned bored! Yas. Lets make this an intentional thing Consequences of choices are always easier to stomach Even if theyre shitty Mm. Learn to trust your audience, right? Youre all such bright young things. Your capable and endlessly receptive. Just Like me.
