

iPhone For Seniors For Dummies

The easy way to make the most of your iPhone - updated for iPhone 6 and iPhone 6 Plus! iPhones are a lot of fun but they can be a bit intimidating right out of the box. Whether you're ready to take your first stab at texting, want to reap the benefits of having the Internet at your fingertips, or just want to keep up with family, this hands-on guide gives you easy to follow information with non-technical explanations to get up and running with your new iPhone - fast. The iPhone combines three products - a mobile phone, an iPod, and a portable game console - into one ultraportable device. Boasting a sleek, minimalistic design with a larger screen and keyboard than those tiny phones of yesteryear, it allows you to send and receive e-mails and text messages, make FaceTime video calls, capture, share, and store photos and videos, get directions with GPS maps, listen to your favorite music, watch YouTube videos, store and sync your contacts, play games, and so much more.

Covers iPhone 6, iPhone 6 Plus, iPhone 5s, iPhone 5c, and other iPhone models in a straightforward, fun language. Large text and drawings make the book accessible and easy to read. Full color format provides helpful screenshots that bring the instructions to life. Offers guidance on buying and getting started with your first iPhone. Provides senior-recommended apps. Once you get comfortable with your iPhone, you'll wonder how you ever lived without it!

Fortunately for his kingdom his young queen, Bywyd was as sharp as he was dull. She advised him in all matters of state, and benevolently attended concerned citizens and visiting dignitaries alike, always with a graceful nod to her husband and a quiet "May it please your Majesty." So it was that they ruled in peace for many years troubled only by the lack of Ysbryd-ane an heir to carry on the divine dragon blood of Gwirions ancestors. When Bywyd found herself full with child at last she rejoiced that their kingdom would be secured, their rule assuredly peaceful for the rest of their lives. And when the child was born, with raven black hair so dark against eyes as blue as lightning and skin as pale as snow, they called her Eirwyn and raised her to understand the five aspects of the dragon that she must must ever personify to rule her people. Before her sixth birthday, Eirwyn was already tired of the dusty words she had learned by rote.
