The days of having a practice supported by being a “great lawyer” are gone forever. In today’s economy, every successful private practice lawyer is a rainmaker who consistently implements an effective plan for building a full pipeline of new business. Rainmakers harness their unique strengths and perspectives to create a cohesive, strategic, simple-to-implement plan—and they take persistent, focused action on that plan. They create systems and habits to secure new work and serve their clients with excellence. Inside, you will find all the information you need to help you create a cohesive business development plan. You’ll get a step-by-step guide with clear direction on how you can develop a successful, satisfying, and sustainable practice, all while still being able to look yourself in the mirror.

“The Reluctant Rainmaker is a practical guide for aspiring rainmakers at any stage of a legal career. Through illustrative stories and clear “how to” directions, Fleming offers a guide that will take the plan out of business development and replace it with success.” Don Hutcheson, Editor and Publisher of The Complete Lawyer

Fortunately for his kingdom his young queen, Bywyd was as sharp as he was dull. She advised him in all matters of state, and benevolently attended concerned citizens and visiting dignitaries alike, always with a graceful nod to her husband and a quiet "May it please your Majesty." So it was that they ruled in peace for many years troubled only by the lack of Ysbryd-ane an heir to carry on the divine dragon blood of Gwirions ancestors. When Bywyd found herself full with child at last she rejoiced that their kingdom would be secured, their rule assuredly peaceful for the rest of their lives. And when the child was born, with raven black hair so dark against eyes as blue as lightning and skin as pale as snow, they called her Eirwyn and raised her to understand the five aspects of the dragon that she must ever personify to rule her people. Before her sixth birthday, Eirwyn was already tired of the dusty words she had learned by rote. Im shaking apart inside Tremors that are too fine to be seen or felt Maybe i can hear them though? If I listen v carefully Cool. Im not really sure why. Maybe minds are meant to fall apart when theyre as delicately stitched together as mine? Ooh or Im picking at the metaphorical seams because Im just so godsdamned bored! Yas. Lets make this an intentional thing Consequences of choices are always easier to stomach Even if theyre shitty Mm. Learn to trust your audience, right? Youre all such bright young things.
