

Housing, Land, and Property Rights in Post-Conflict United Nations and Other Peace Operations: A Comparative Survey and Proposal for Reform

United Nations peacekeeping missions have come to symbolize both the promise and the fragility of the UN. Though beset with unresolved conflicts, underfunded, and invariably burdened with sentiments of over-expectation, UN peace operations have made a difference with their peacebuilding initiatives. While peacebuilding has been extensively analysed and critiqued, the UNs role in addressing and ameliorating housing, land, and property rights challenges has not. This volume seeks to fill the void by examining the UNs experience grappling with the immense and inevitable housing, land, and property rights crises that emerge in all countries during and after conflict. Through analysis of UN peace missions in Burundi, Cambodia, Iraq, Kosovo, Rwanda, Sudan and elsewhere, this volume provides a unique array of perspectives on what the UN has done right, what it has done wrong, and what it should do in the future.

Fortunately for his kingdom his young queen, Bywyd was as sharp as he was dull. She advised him in all matters of state, and benevolently attended concerned citizens and visiting dignitaries alike, always with a graceful nod to her husband and a quiet "May it please your Majesty." So it was that they ruled in peace for many years troubled only by the lack of Ysbryd-ane an heir to carry on the divine dragon blood of Gwirions ancestors. When Bywyd found herself full with child at last she rejoiced that their kingdom would be secured, their rule assuredly peaceful for the rest of their lives. And when the child was born, with raven black hair so dark against eyes as blue as lightning and skin as pale as snow, they called her Eirwyn and raised her to understand the five aspects of the dragon that she must ever personify to rule her people. Before her sixth birthday, Eirwyn was already tired of the dusty words she had learned by rote.
