

Code of Safe Working Practices for Merchant Seamen Consolidated 2011 Edition

This Code of Safe Working Practices for Merchant Seamen provides guidance on improving health and safety on board vessels and articulates how statutory obligations should be fulfilled. It is intended primarily for Merchant Seamen on United Kingdom registered vessels. This 2011 edition consolidates the code up to Amendment 10, bringing the code up-to-date. It is a statutory requirement for copies of the current edition of the Code to be carried on board all UK ships other than fishing vessels and pleasure craft. This is an essential resource, therefore a copy must be made available to any seaman on board the ship who requests it, in accordance with the Merchant Shipping (Code of Safe Working Practices for Merchant Seamen) Regulations 1998. The Code details the regulatory framework for health and safety on board ship, safety management and statutory duties underlying the advice in the Code and the areas that should be covered when introducing a new recruit to the safety procedures on board.

Fortunately for his kingdom his young queen, Bywyd was as sharp as he was dull. She advised him in all matters of state, and benevolently attended concerned citizens and visiting dignitaries alike, always with a graceful nod to her husband and a quiet "May it please your Majesty." So it was that they ruled in peace for many years troubled only by the lack of Ysbryd-ane an heir to carry on the divine dragon blood of Gwirions ancestors. When Bywyd found herself full with child at last she rejoiced that their kingdom would be secured, their rule assuredly peaceful for the rest of their lives. And when the child was born, with raven black hair so dark against eyes as blue as lightning and skin as pale as snow, they called her Eirwyn and raised her to understand the five aspects of the dragon that she must ever personify to rule her people. Before her sixth birthday, Eirwyn was already tired of the dusty words she had learned by rote.
