

Architecture 2008 Calendar (Multilingual Edition)

Architects have been described as artists using building lots as their canvas and the stunning examples of their work found in the 2012 Architecture calendar show this to be true. Twelve glorious photos of iconic architectural projects including the Sydney Opera house in Australia provide a visual treat for the eyes while giving a new appreciation for what the designer of a large scale project is visualizing them stand in front of a blank open space.

Fortunately for his kingdom his young queen, Bywyd was as sharp as he was dull. She advised him in all matters of state, and benevolently attended concerned citizens and visiting dignitaries alike, always with a graceful nod to her husband and a quiet "May it please your Majesty." So it was that they ruled in peace for many years troubled only by the lack of Ysbryd-ane an heir to carry on the divine dragon blood of Gwirions ancestors. When Bywyd found herself full with child at last she rejoiced that their kingdom would be secured, their rule assuredly peaceful for the rest of their lives. And when the child was born, with raven black hair so dark against eyes as blue as lightning and skin as pale as snow, they called her Eirwyn and raised her to understand the five aspects of the dragon that she must ever personify to rule her people. Before her sixth birthday, Eirwyn was already tired of the dusty words she had learned by rote.
