subject, but one that in some way affects thousands of players daily. Of course, it gets taken to highest terms when you consider the cat-and-mouse game being played between the billion-dollar temples of chance and the world's most skilled gamblers who are looking to beat the casinos at their own game. The Law for Gamblers brings together decades of experience from the world's pre-eminent gambler's advocate, providing perspective gleaned from defending hundreds of casino-related criminal cases. With detailed discussions of subjects that include gambler taxation, the use of aliases, Indian gaming rules, and casino credit, and even hiring an attorney when necessary, The Law for Gamblers provides anyone who sets foot in a casino easy access to understanding their rights.
