Originally released as part of the Unconditional Surrender bundle, now available as a stand-alone novella complete with BRAND-NEW 10,000 word short story/epilogue. When a wounded soldier is forced to accept help from his former best friend, both men discover the true strength of their entwined hearts. Army IT specialist Xander keeps his emotions wired as tight as his NETCOM gear, but when he's seriously injured by an IED, his whole life unravels. Running out of options, Xander must accept help from his ex-friend-with-benefits, Mackey. However, Xander had feelings for Mackey for years, and close quarters only complicates his emotions. Further, Xander doesn't know which is worse: combating his inner demons or dealing with Mackey's guilty kindnesses. Mackey always kept his emotions close to his chest, but now he's got a secret that could destroy his one chance with the man he cares far too much for. Both men will have to heal their wounded hearts to ensure a future together. Entwined Future: In this new short story, Mackey has news that could change everything for him and Xander, but a visit from Xander's family jeopardizes Mackey's plans--and forces Xander to confront some harsh truths.

Fortunately for his kingdom his young queen, Bywyd was as sharp as he was dull. She advised him in all matters of state, and benevolently attended concerned citizens and visiting dignitaries alike, always with a graceful nod to her husband and a quiet "May it please your Majesty." So it was that they ruled in peace for many years troubled only by the lack of Ysbryd-ane an heir to carry on the divine dragon blood of Gwirions ancestors. When Bywyd found herself full with child at last she rejoiced that their kingdom would be secured, their rule assuredly peaceful for the rest of their lives. And when the child was born, with raven black hair so dark against eyes as blue as lightning and skin as pale as snow, they called her Eirwyn and raised her to understand the five aspects of the dragon that she must ever personify to rule her people. Before her sixth birthday, Eirwyn was already tired of the dusty words she had learned by rote.
