

Modern Art Cityscapes: Unique and Decorative Urban Views (Calvendo Places)

The Urban Views art (Calvendo Places) by Calvendo Viola, is drawn to urban landscape and the lines she finds in architecture. Horizontal structures crossed by vertical structures increase the impression of objects and provide a rapid dynamism. Picturesquely active passages, modern colour accents and graphic nuances find a revolutionary combination in her pictures. She is keen to explore opportunities that will allow her to combine photography and art in the way she feels happy with - not sticking to any rules. A unique collection of many well-known places from cities around the world - modern and very decorative urban calendar! Calvendo calendars are premium products - a bit more pricey than others but with added benefits: Our calendars always look beautiful on your wall because we produce them locally with premium paper and sophisticated spiral binding, ensuring easy turning of pages and flat hanging against the wall. A protective transparent plastic cover sheet provides added stability and each calendar comes in five languages. Treat yourself to a Calvendo calendar and you get something that looks better all year round.

Fortunately for his kingdom his young queen, Bywyd was as sharp as he was dull. She advised him in all matters of state, and benevolently attended concerned citizens and visiting dignitaries alike, always with a graceful nod to her husband and a quiet "May it please your Majesty." So it was that they ruled in peace for many years troubled only by the lack of Ysbryd-ane an heir to carry on the divine dragon blood of Gwirions ancestors. When Bywyd found herself full with child at last she rejoiced that their kingdom would be secured, their rule assuredly peaceful for the rest of their lives. And when the child was born, with raven black hair so dark against eyes as blue as lightning and skin as pale as snow, they called her Eirwyn and raised her to understand the five aspects of the dragon that she must ever personify to rule her people. Before her sixth birthday, Eirwyn was already tired of the dusty words she had learned by rote.
