

Stolen Sovereignty: How to Stop Unelected Judges from Transforming America

Judges from Transforming reality that the Left has succeeded in growing the power of the courts. Obama has replaced roughly 30 percent of the district and appellate judges on the federal benches. We are now facing a judicial time bomb, the likes of which we've never seen before. With the Obergefell v. Hodges ruling the courts have usurped the will of the people and set a precedent that has become a de facto law of the land. In *Stolen Sovereignty* Horowitz reveals just how disenfranchised voters have become. On issue after issue we are witnessing a transformation of our society before our very eyes, all without the ability to stop it through the political process. We are becoming a government not of the people, by the people, for the people, but of the elites by the justices and for the few. First the courts went after your income. Then they went after the right to abortion. Then the right for men to marry men and women to marry women. Next they will go after the right to our sovereign borders. Where will it end? It is the legislative branch that gives the people their voice. With a weak congress, the people will suffer at the hands of a tyrannical few. By ceding the power of the purse, willfully ignoring executive overreach, blindly confirming judicial nominees, and writing statutes so broadly they transfer full legislative power to the president, the past few generations of congressmen have helped the executive branch and the courts crush their own power. *Stolen Sovereignty* is a book defending sovereignty and society from the courts. Horowitz masterfully explains the legal foundations of this great nation and how the three branches of

government are designed to keep the people free. He outlines how the recent overreach of the judicial branch has led to the extinguishing of the voice of the people. And most important, he provides solutions as the looming immigration crisis overshadows the political landscape. It is no longer sufficient to sneer, scorn, or warn against the judicial tyranny; it's time to fight back and implement immediate reforms or we will cease to exist as a democratic society and a sovereign nation, says Horowitz. As we hunger for leaders who will steer the country back on the track of liberty and justice for all, we must ensure we are never one court decision or one executive order away from losing our society, sovereignty, and government. The courts have spoken. Now, it's time for the American people to reclaim their sovereignty.

Fortunately for his kingdom his young queen, Bywyd was as sharp as he was dull. She advised him in all matters of state, and benevolently attended concerned citizens and visiting dignitaries alike, always with a graceful nod to her husband

and a quiet [May it please your Majesty](#). So it was that they ruled in peace for many years troubled only by the lack of Ysbryd-ane an heir to carry on the divine dragon blood of Gwirions ancestors. When Bywyd found herself full with child at last she rejoiced that their kingdom would be secured, their rule assuredly peaceful for the rest of their lives. And when the child was born, with raven black hair so dark against eyes as blue as lightning and skin as pale as snow, they called her Eirwyn and raised her to understand the five aspects of the dragon that she must must ever personify to rule her people. Before her sixth birthday, Eirwyn was already tired of the dusty words she had learned by rote.
