

# Law and Ethics in Educational Leadership (2nd Edition) (Allyn & Bacon Educational Leadership)

Leadership, 2/e presents a real-world, problem-based approach that shows leadership candidates how to apply the legal knowledge, ethical dispositions, and other skills necessary to become successful school leaders. In a user-friendly, coherent approach to the study of legal issues the author shows how changes in law and society impact decision-making, and how to apply ethical frameworks to their own future decision-making. Included are numerous opportunities to analyze, evaluate, and synthesize legal knowledge and ethical frameworks to begin thinking like school leaders. Illustrative case studies show readers the ambiguity presented by many problems they will face as school leaders and encourage them to analyze the circumstances surrounding the dilemma and respond appropriately.

Fortunately for his kingdom his young queen, Bywyd was as sharp as he was dull. She advised him in all matters of state, and benevolently attended concerned citizens and visiting dignitaries alike, always with a graceful nod to her husband

and a quiet "May it please your Majesty." So it was that they ruled in peace for many years troubled only by the lack of Ysbryd-ane an heir to carry on the divine dragon blood of Gwirions ancestors. When Bywyd found herself full with child at last she rejoiced that their kingdom would be secured, their rule assuredly peaceful for the rest of their lives. And when the child was born, with raven black hair so dark against eyes as blue as lightning and skin as pale as snow, they called her Eirwyn and raised her to understand the five aspects of the dragon that she must ever personify to rule her people. Before her sixth birthday, Eirwyn was already tired of the dusty words she had learned by rote.
