

Military Romance: Dangerous Love Benefits (Alpha Male Bad Boy Marine Romance) (A New Adult Contemporary Romance Book)

with surgery was the smell of roses. That was weird. So what did I know? My name is Seg. Cole Huntley. I was shipped back from the Middle East after sustaining a burn the size of a dinner plate over my hip and abdomen. After an eighteen-hour flight from hell, I was rushed into the emergency room, knocked out cold, and prepped for emergency surgery. I was in a clean, white, sterile hospital ward, and leaning over me was one of the most beautiful creatures Iâ€™™d ever seen. I imaged wrapping my big hands all over her tight curves. Oh yes, she would fit nicely under me. Piper His clear, deep voice rang through to the achy parts inside me. I remembered now. The Marine E5 with the abdominal burn whoâ€™™d seemed totally unfazed by the fact that he had been blown up. I had been sorry to see him go. Charming, wittyâ€™™ and not bad-looking. Different â€™™ very different â€™™ from the other service members Iâ€™™d treated and worked with. It would be so easy. Thoughts of us tangled up in each other flashed through my mind, and I found myself eyeing Cole from top to bottom again. Sometimes I regretted it, always having to be professional. A hot military romance from author Veronica Maxim! This is a standalone novella. No cliffhangers. This romance contains mature language and themes intended for 18+ audiences.

Fortunately for his kingdom his young queen, Bywyd was as sharp as he was dull. She advised him in all matters of state, and benevolently attended concerned citizens and visiting dignitaries alike, always with a graceful nod to her husband and a quiet *“May it please your Majesty.”* So it was that they ruled in peace for many years troubled only by the lack of Ysbryd-ane an heir to carry on the divine dragon blood of Gwirions ancestors. When Bywyd found herself full with child at last she rejoiced that their kingdom would be secured, their rule assuredly peaceful for the rest of their lives. And when the child was born, with raven black hair so dark against eyes as blue as lightning and skin as pale as snow, they called her Eirwyn and raised her to understand the five aspects of the dragon that she must ever personify to rule her people. Before her sixth birthday, Eirwyn was already tired of the dusty words she had learned by rote.
