of control. Sheâ€™s a wild thing that wonâ€™t be tamed. Ex-Army Specialist Jace River has a lock on his bedroom door, but itâ€™s not to keep anyone out; itâ€™s to keep his nightmares from breaking loose. His wolf is an out-of-control killer, which means he can never risk shifting, never truly be part of his pack, and definitely never take a mate. Piper Wilding works for the Army as a civilian, traveling the world for her work in counterintelligence and fighting the bad guys while bedding down the good ones. The best part? It keeps her far from her asshole father in Seattle, the rest of the Wilding pack, and the pressure to take a mate. Settling down isnâ€™t her thing, and after what happened to her mother, Piper vowed she would never be tied down by magic or men again. While Jaceâ€™s wolf keeps him Sleepless in Seattle, Piper returns home to find her missing kid brother. When she breaks into the River brothers safehouse, sparks fly and claws come out. Her sexy skills threaten to bring out Jaceâ€™s wolf, and Jaceâ€™s good-guy hotness reminds Piper how tempting shifter men can be. Theyâ€™re like fire and gasoline, and as they race to find Piperâ€™s brother, the heat threatens to burn down all their carefully constructed walls. But falling in love has never been so dangerousâ€™and being together means taking risks that neither might survive. **RECOMMENDED: Read Jaxson (River Pack Wolves 1) FIRST!** Jace is a complete novel with HEA, the second in the River Pack Wolves trilogy (all standalone stories, but best enjoyed if you read them in order!). Contains scorching hot

shifters, alpha military heroes, and sexy spy girls. Only readers over 18 should dive into the deliciously hot world of the River brothers.

Fortunately for his kingdom his young queen, Bywyd was as sharp as he was dull. She advised him in all matters of state, and benevolently attended concerned citizens and visiting dignitaries alike, always with a graceful nod to her husband and a quiet *“May it please your Majesty.”* So it was that they ruled in peace for many years troubled only by the lack of Ysbryd-ane an heir to carry on the divine dragon blood of Gwirions ancestors. When Bywyd found herself full with child at last she rejoiced that their kingdom would be secured, their rule assuredly peaceful for the rest of their lives. And when the child was born, with raven black hair so dark against eyes as blue as lightning and skin as pale as snow, they called her Eirwyn and raised her to understand the five aspects of the dragon that she must must ever personify to rule her people. Before her sixth birthday, Eirwyn was already tired of the dusty words she had learned by rote.
