The CCNP ROUTE 300-101 exam is generally considered the toughest of the CCNP exams, and my study guide is guaranteed to help you pass this exam AND be prepared to work with Cisco routers in real-world environments! With my fully-illustrated guide, you'll master advanced OSPF configs, complex route redistribution scenarios, VPNs, important network security features, and the monster that trips up so many on the CCNP ROUTE exam -- BGP! (Frankly, the BGP section alone is worth the cost of the book!) I'm going to help you master these topics and earn your CCNP with my crystal-clear, BS-free CCNP ROUTE 300-101 Study Guide! This study guide is absolutely packed with configurations and screen shots from REAL Cisco routers, and many of the examples and labs in this book come from real-world situations that I and other network admins have faced personally. My study guides have helped CCNP candidates earn their certifications for over 10 years - and now I'm ready to do the same for you. Let's hear from just a few of the thousands of students who loved my previous CCNP ROUTE Study Guide (all quotes from Amazon reviews): I love Chris Bryants CCNP ROUTE Study Guide! It gets straight to the point and avoids the annoying technobabble. He brings it down to a VERY readable level for everyone and covers everything

under the sun. Out of all the CCNP ROUTE material that I have, I must say, this is one of the best, if not the best, CCNP ROUTE study guides out there. The instructor, Mr. Bryant is extremely sharp at explaining complex topics about the CCNP ROUTE exam. Along the way I have read textbooks by Todd Lammle, Cisco Press as well as others. While I do not discredit these authors, I do find that the Bryant Advantage material is much easier to digest and understand. The CCNP Route study guide explained concepts that I found difficult to grasp, compared to similar lessons covered by other authors. With my clear, comprehensive, straight-to-the-point illustrated lectures, and plenty of real-world labs, you'll be better prepared for the CCNP ROUTE exam than you ever thought possible. Thanks for making my book part of your CCNP success story! Lets get started! Chris Bryant

ON JULY 8, 2015 Once upon a time, in a land bordered by a lush, dark wood, there ruled the kind but simple king, Gwirion. Fortunately for his kingdom his young queen, Bywyd was as sharp as he was dull. She advised him in all matters of state, and benevolently attended concerned citizens and visiting dignitaries alike, always with a graceful nod to her husband and a quiet "May it please your Majesty." So it was that they ruled in peace for many years troubled only by the lack of Ysbryd-ane an heir to carry on the divine dragon blood of Gwirions ancestors. When Bywyd found herself full with child at last she rejoiced that their kingdom would be secured, their rule assuredly peaceful for the rest of their lives. And when the child was born, with raven black hair so dark against eyes as blue as lightning and skin as pale as snow, they called her Eirwyn and raised her to understand the five aspects of the dragon that she must ever personify to rule her people. Before her sixth birthday, Eirwyn was already tired of the dusty words she had learned by rote.
