

# Olivia's Journey: A Civil War Romance (Lofton, Indiana)

Spring of 1865 and Mr. Lincoln runs the country...probably better than Olivia's hard-fisted uncle runs his farm in Southern Indiana.

Olivia would give anything to escape his abuse, but as long as he provides a shelter for her and her two younger sisters, she has no choice. But she soon has to make a daring decision when she finds a Confederate soldier bleeding alongside the river that borders her uncle's farm. Soon Olivia and the soldier are running for their lives through Yankee country, with only Olivia's twelve year old sister for company. But then the War is declared over and the President dead, what will that mean for the Confederate man who's done so much to help Olivia? Everything is about to change for her, and for the first she'll be the one in charge of her own life...

Fortunately for his kingdom his young queen, Bywyd was as sharp as he was dull. She advised him in all matters of state, and benevolently attended concerned citizens and visiting dignitaries alike, always with a graceful nod to her husband and a quiet "May it please your Majesty." So it was that they ruled in peace

for many years troubled only by the lack of Ysbryd-ane an heir to carry on the divine dragon blood of Gwirions ancestors. When Bywyd found herself full with child at last she rejoiced that their kingdom would be secured, their rule assuredly peaceful for the rest of their lives. And when the child was born, with raven black hair so dark against eyes as blue as lightning and skin as pale as snow, they called her Eirwyn and raised her to understand the five aspects of the dragon that she must must ever personify to rule her people. Before her sixth birthday, Eirwyn was already tired of the dusty words she had learned by rote.
