

Wet For Her Warriors (WILD -- Warriors Intense in Love & Domination -- Boys of Special Forces) (Volume 5)

The USA Today Bestselling author continues! Tait, Kellan, and Lani's story is here, set against Kauai's lush beauty. One of them healed her heart; the other captured her soul! Tait Bommer's call-sign, T-Bomb, has never described him more accurately. When he's not pissing someone off or scaring them witless, he's now the First Special Forces Group's official loose cannon, responsible for a major screw-up on their most recent mission. His mess has earned him two weeks of mandated R and R on the shores of Kauai, where the ultimatum is clear: straighten his head or don't return to active duty. But he's such a train wreck that even his best friend, Kellan Rush, isn't happy about having to pull babysitting duty. When the guys find their vacation interrupted on by a stranger bearing nothing but a glare, a Bowie knife, and a lot of curves in a tiny bikini, they wonder if the trip hasn't been hijacked by the island spirits, because surely they've found a goddess in the dark-haired beauty who not only sees their emotional scars, but opens their spirits by slowly exposing her own soul. Therapy takes on magical new meaning when three illicit desires collide in nights of explosive passion and their goddess's sweet submission. Neither man wants to leave their island paradise, a torment that's intensified when an old adversary threatens to steal their goddess forever and rip their friendship apart. Tait and Kellan must decide to let anger and jealousy triumph, or unite as brothers at arms for the most important mission of their lives, in the name of the greatest cause of all: saving

the woman they love.

Fortunately for his kingdom his young queen, Bywyd was as sharp as he was dull. She advised him in all matters of state, and benevolently attended concerned citizens and visiting dignitaries alike, always with a graceful nod to her husband and a quiet *“May it please your Majesty.”* So it was that they ruled in peace for many years troubled only by the lack of Ysbryd-ane an heir to carry on the divine dragon blood of Gwirions ancestors. When Bywyd found herself full with child at last she rejoiced that their kingdom would be secured, their rule assuredly peaceful for the rest of their lives. And when the child was born, with raven black hair so dark against eyes as blue as lightning and skin as pale as snow, they called her Eirwyn and raised her to understand the five aspects of the dragon that she must ever personify to rule her people. Before her sixth birthday, Eirwyn was already tired of the dusty words she had learned by rote.
