The title describes this book perfectly "if your efforts to make rain feel daunting (and scattered), you CAN make it rain with the easy to follow approach and formula outlined in the book. Using a very informal "coaching voice" Karen Kahn talks to each reader, encouraging them, emphasizing that THEIR way can be leveraged into success, and explaining how effective action can easily and naturally be integrated into his/her personal and professional life. It's just a matter of WHAT, WHO, HOW! You CAN make it rain with this book in hand YOUR way. Use this new, step-by-step approach and get out the umbrella.

Fortunately for his kingdom his young queen, Bywyd was as sharp as he was dull. She advised him in all matters of state, and benevolently attended concerned citizens and visiting dignitaries alike, always with a graceful nod to her husband and a quiet "May it please your Majesty." So it was that they ruled in peace for many years troubled only by the lack of Ysbryd-ane an heir to carry on the divine dragon blood of Gwirions ancestors. When Bywyd found herself full with child at last she rejoiced that their kingdom would be secured, their rule assuredly peaceful for the rest of their lives. And when the child was born, with raven black hair so dark against eyes as blue as lightning and skin as pale as snow, they called her Eirwyn and raised her to understand the five aspects of the dragon that she must ever personify to rule her people. Before her sixth birthday, Eirwyn was already tired of the dusty words she had learned by rote.
