

The End of Lawyers?: Rethinking the Nature of Legal Services

The End of Lawyers? is the much-anticipated sequel to Richard Susskind's legal best-seller of 1996, *The Future of Law*. Ten years on, and half-way towards the twenty-year vision he set out, Susskind takes stock of progress, introduces vital new emerging technologies, and envisages even more radical change to the legal world than before. This is a world in which, at least in part, legal services are commoditized, IT renders conventional legal advice redundant, clients and lawyers are collaborators under the one virtual roof, disputes are dominated by technology if not avoided in the first place, and online systems and services compete with lawyers in providing access to the law and to justice. For the conservative legal adviser, the message is bleak. For the progressive lawyer, an exciting new legal market emerges. This book continues the authors focus on the effect of advances in information technology upon the law and legal practice, providing fresh perspectives and analysis of anticipated developments in the decade to come. In particular, he aims to explore the extent to which the role of the traditional lawyer can be sustained, in the face of the challenging trends in the legal marketplace and the new techniques and technologies for the delivery of legal services.

Dead on Revival Main menu Skip to content Home About the Blog About the Blogger The Alphabet The List Sleep now; fear human nature tomorrow POSTED ON FEBRUARY 16, 2016 Ive had this blog for nearly a decade. Fuck. POSTED IN LIFE A Prayer POSTED ON NOVEMBER 27, 2015 You are, of course, too much I am easily tired and slow Where you run on for days without rest: The God of ultra-marathons and Bolt Who still jogs beside me on my 12-minute mile Where you work without end: The Messenger for Gods without rest or relent Who pulls me to my feet on 14 hour shifts Where you laugh without reserve: The Prankster who steals their best friends cows Who reminds me that may it harm none we all need to have fun Where you lead: The Guide today until death Who rides beside me on long

ON JULY 8, 2015 Once upon a time, in a land bordered by a lush, dark wood, there ruled the
kind but simple king, Gwirion. Fortunately for his kingdom his young queen, Bywyd was as
sharp as he was dull. She advised him in all matters of state, and benevolently attended
concerned citizens and visiting dignitaries alike, always with a graceful nod to her husband
and a quiet “May it please your Majesty.” So it was that they ruled in peace
for many years troubled only by the lack of Ysbryd-ane an heir to carry on the divine dragon
blood of Gwirions ancestors. When Bywyd found herself full with child at last she rejoiced
that their kingdom would be secured, their rule assuredly peaceful for the rest of their lives.
And when the child was born, with raven black hair so dark against eyes as blue as lightning
and skin as pale as snow, they called her Eirwyn and raised her to understand the five aspects
of the dragon that she must ever personify to rule her people. Before her sixth birthday,
Eirwyn was already tired of the dusty words she had learned by rote. POSTED IN
